Profile

I am a web developer over 7 years. I have experiences in the industry of e-commerce and building in-house systems of a large chain supermarket. During my previous career, I have conducted over 10 e-commerce related projects, and more than 5 admin dashboard systems, including pc and mobile oriented web applications. Proficient in an assortment of technologies, including JavaScript, HTML, CSS, React, Redux, Typescript, Node.js, Next.js, Axios, etc. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

Employment History
