## Profile

I am a web developer with 7 years' experience. Knowledgeable in user interface, testing, maintenance of web systems and debugging processes. Good at solving problems related to web for companies and customers with high efficiency. Proficient in an assortment of technologies, including JavaScript, HTML, CSS, Typescript, Node.js, React, Redux, Next.js, Axios, etc. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

## Employment History

### Web Developer, Yonghui Supermarket Corporation, Beijing
OCTOBER 2018 - APRIL 2022

- Wrote modern, performant, maintainable code for in-house admin dashboard projects, including monitoring system, shop devices management system, marketing campaign planning system, etc
- Worked well independently and within a team setting using different languages, frameworks, and libraries such as JavaScript, React, Redux, TypeScript, Styled Components, Ant Design, Vue.js and Vuex
- Communicated with multi-disciplinary teams of engineers, product managers on a regular basis
- Provided effective troubleshooting and remediation for web applications

### Web Developer, Sao Tianxia, Beijing
JUNE 2016 - SEPTEMBER 2018

- Planned, developed, tested, deployed and maintained web applications, mostly mobile oriented user interfaces
- Effectively translated client requirements into application designs and systems requirements
- Worked with Vue.js, Vuex, CSS3, Sass, ElementUI, Webpack, Gulp to build web pages on different sizes of mobile phones
- Followed policies and procedures related to application methods and quality standards at all times

### Web Developer, Zhu Baijia, Beijing
SEPTEMBER 2015 - JUNE 2016

- Developed and maintained code primarily using HTML5, CSS3, JavaScript, and jQuery
- Worked at an independent level, while also serving as an effective and enthusiastic collaborator
- Implemented and updated application modules under the direction of Senior Software Developers

## Personal Projects
